

TEMPORARY FLOOR PROTECTION FILM

for Carpets

- **Made to protect:** Protects carpets during sloppy jobs
- **Easy to apply:** Reverse wind* rolls adhere quickly and easily
- **Easy to work:** Low tack water-based adhesive stays put as you move about
- **Made to endure:** Strong, 3 mil polyurethane film is puncture and tear resistant
- **Easy to size:** Cut with sharp blade to fit space
- **Easy to remove:** Peel and toss in seconds
- **Easy to count on:** Stays on the job for up to 45 days
- **No hassle cleanup:** Carpets remain unsoiled and without adhesive residue
- **Satisfied customers:** Customers appreciate contractors who cover their tracks
- **Available in 5 standard sizes, including stairs:**
 - 24" x 200' Reverse Wind*
 - 24" x 500' Reverse Wind*
 - 36" x 200' Reverse Wind*
 - 36" x 500' Reverse Wind*
 - 32" x 200' Normal Wind (for stairs)

***REVERSE WIND** rolls contain the adhesive side of the film on the outside of the roll. Because the sticky side has first contact with the surface, application is quick and easy.

Usage Requirements

- Product is designed to adhere properly to synthetic (non-wool) carpets
- Do not apply carpet film to hardwood floors
- Do not apply to wet or damp carpets
- Wait 72 hours prior to applying to newly laid carpets
- Remove after 45 days to avoid residue

A durable, temporary solution to protect synthetic carpets from damage as you work.

Tough, 3 mil adhesive-backed barrier stays in place for up to 45 days and protects against tracked in dirt, paint spills, dust, plaster and other work site debris.
